

2023 COUNTY BUDGET OVERVIEW

Responsibly Managing Your Services

The 2023 County of Simcoe budget is a total of \$695M in operating and capital expenditures. The total revenue is \$663M with a taxation levy amount of \$201M.

In the spirit of restraint, this budget has been prepared with only priority requirements. It includes a 2% tax increase to maintain operating service levels and keep pace with cost increases that can't be covered by growth. Also included is a 1.5% capital infrastructure increase.

The budget focus is on the resources necessary to maintain and continue or improve the existing crucial County services during this economic/inflationary challenge.

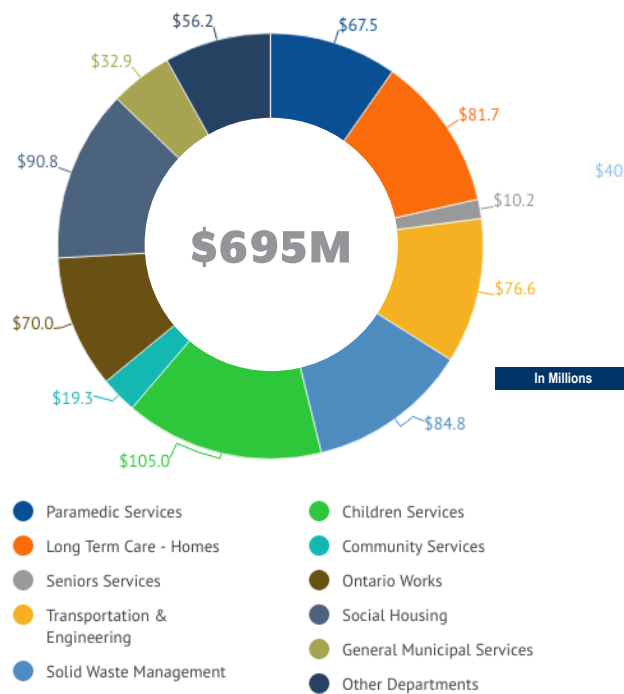

The County is entering the final year of its 10-year Affordable Housing and Homelessness Prevention Strategy. The continued investment in 2023 builds upon the 2,569 new affordable housing units created from January 2014 to June 2022, through new rental development, secondary suites, affordable homeownership and rent supplements/housing allowances.

The County has a target of 2,685 units by 2024, which includes the Orillia hub development project.

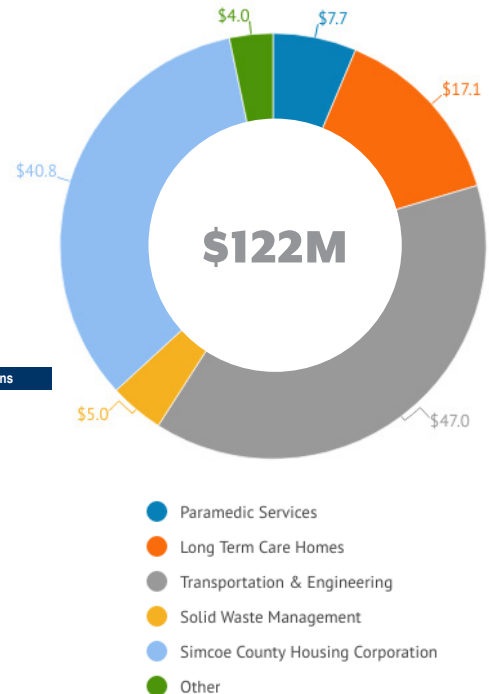

Because significant growth in the region impacts demand for all County services, we continue to work closely with our community and municipal partners to ensure residents receive the best value for their tax dollars.

In 2022, under an agreement with the Federal government, Ontario announced the implementation of the Canada-Wide Early Learning and Child Care Agreement, an initiative to be rolled out over five years, intended to provide parents with improved access to quality, inclusive, and affordable childcare.

new station in Bradford to optimize response time performance. Funds are included in Long-Term Care and Seniors Services to continue the planning and design phase for redevelopment of the Simcoe Village campus.

Major road projects for 2023 include County Road 4 and County

Road 21 with related road, bridge and intersection components.

County Council will also continue its major community financial investments and commitments to local hospitals, hospice, and post-secondary education institutions.
