ASK A QUESTION ON THE DISCUSSION BOARD

The purpose of this platform is to provide a place for users to access Consortium resources and share information through a discussion board and events calendar.

Solutions Lab

Funded by the National Housing Strategy Solutions Labs, the Community Data Program (CDP) has teamed up with Canada Mortgage and Housing Corporation (CMHC) on a Solutions Lab.

The goal of this Solutions Lab is to help municipalities and community sector organizations find the best way to measure and respond to local housing and

housing-related issues through relevant data, visualization and reporting tools.

The project is expected to span November 2020- March 2022 and occur in stages. Input from a variety of organizations with diverse data needs will help ensure the outcomes of the solutions lab meet the variety of data needs across the Country.

What housing data would help you do your job better? E-mail Victoria.chapman@simcoe.ca to have your data needs heard in the solutions lab.

2021 Census

On May 12th, 2021, Statistic's Canada announced the launch of their 2021 Census dissemination planning web module, which provides information on their dissemination strategy for the 2021 Census.
