The CIC Data Cube

■ The Citizenship and Immigration (CIC) Permanent Residents Rounded Data Cube 2000-2010 counts the number of Immigrant landings for a given census geography, cross tabulated by:

- age
- landing year
- country of birth
- country of citizenship
- country of last permanent residence
- education level
- gender
- immigrant class
- marital status
- mother tongue
- occupation skills
- official languages spoken
- years of schooling

*The Immigrants observed in these statistics are New Landings Immigrants and thus have migrated directly from their country of origin to Simcoe County.

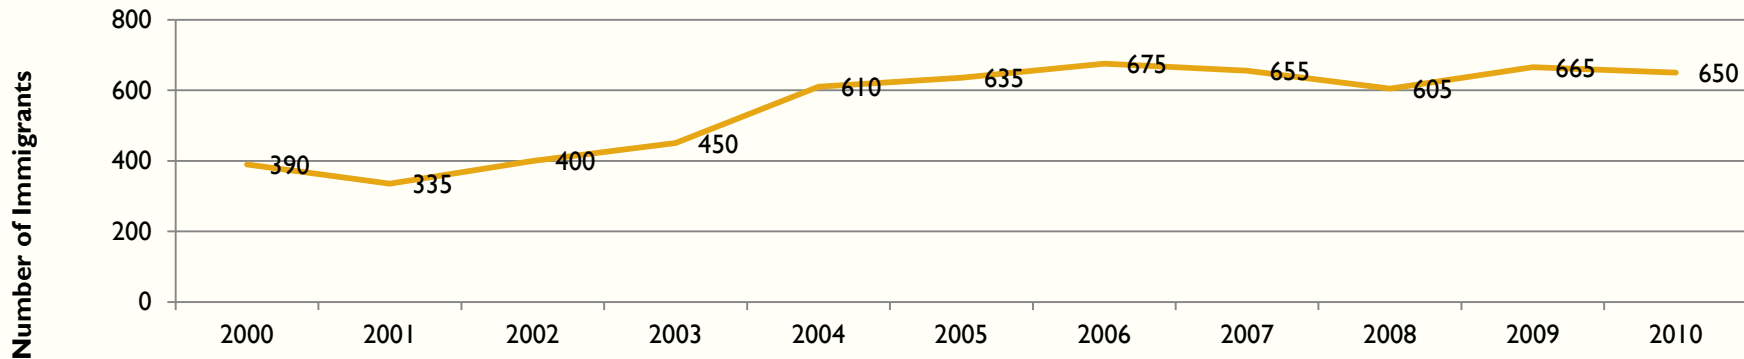

New Immigrants to Simcoe

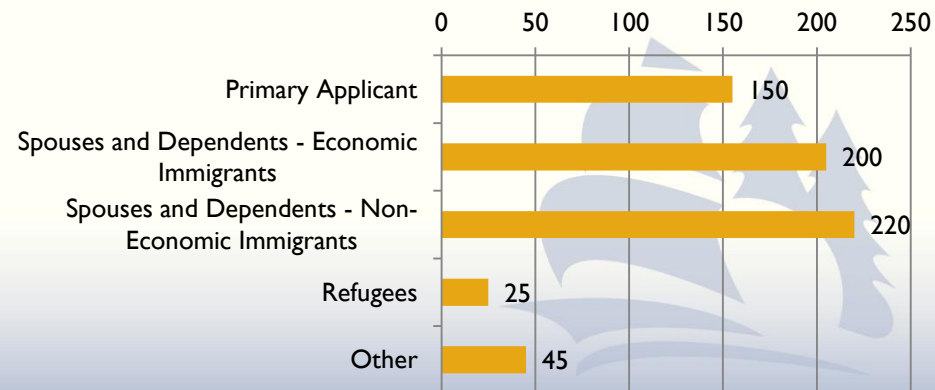

- In 2010 there were a total of 650 New Immigrants who settled within Simcoe County, increasing by 260 (67%) since 2000

*Some numbers in the statistics provided in the presentation will not add to exactly 650 due to random rounding to protect anonymity in small populations.

- Of these 650 Immigrants, 150 were classified as Primary Applicants.
- There were 425 Immigrants listed as Spouses or Dependants, split into Economic Immigrants with 200 and Non Economic Immigrants with 220.
